

Product Description and Specification

Name: Champagne Granite Boulders

Origin: Northern Arizona rock quarry

Geology: Granite

Color: Rich gold and rose rich

Description: Champagne Granite Boulders are a great rock material for creating beautiful intriguing landscapes due to the sparkling rich gold and rose rich color tones. These boulders are very dense and hard granite with strong gold to coral rose in colors in the rock.

Champagne boulders range in shapes from angular to bench form. The angular are great when mixed into the landscape with other rock and plant materials. The bench and table shaped boulders are rare beauties that are found the quarry, where we hand pick and bring to you. Our boulder scouts look for these smooth surfaced granite boulders for use seating and water features. There are many sizes of these very functional boulders from 2 to 8 feet in size.

Descripción:

Las rocas de granito champán son un material excelente para crear hermosos e intrigantes paisajes gracias a sus brillantes tonos dorados y rosados. Estas rocas son de granito muy denso y duro, con colores que van del dorado intenso al rosa coral. Las rocas champán varían en formas, desde angulares hasta de banco. Las angulares son ideales para integrarlas en el paisaje con otras rocas y plantas. Las rocas con forma de banco y mesa son bellezas excepcionales que se encuentran en la cantera, donde las seleccionamos a mano y las traemos a usted. Nuestros buscadores de rocas buscan estas rocas de granito de superficie lisa para usarlas como asientos y fuentes de agua. Hay muchos tamaños de estas rocas tan funcionales, desde 60 cm hasta 2,44 m.

Size:

Commonly available from 12 inches through 4 feet, specimens through 6 feet

Transportation:

Large orders shipped in End-dump and Super 10 trucks. Smaller orders shipped on flatbeds
