Curacao Blue Rock and Boulders

Product Description and Specification

Name:	Curacao Blue Rock and Boulders
Origin:	Central Arizona granite rock quarry
Geology:	Rhyolitic
Color:	Bold striking blue and turquoise color patina patterns
Description:	These Curacao Blue Rocks and Boulders are as cool blue in color and exotic looking as a tall cold cocktail glass of Blue Lagoon. Hard rock coated with bold striking blue and turquoise color patina patterns resulting from the high copper mineral content in this rock. The color comes of copper elements in the rock being exposed to air and water. The blue color will often intensify over time. This material should not be used in water features

Descripción: Estas rocas y cantos rodados azules de Curazao son de un color azul fresco y exótico. luciendo como una copa de cóctel alta y fría de Blue Lagoon. Roca dura recubierta de negrita llamativos patrones de pátina de color azul y turquesa resultantes de la alta contenido mineral de cobre en esta roca. El color proviene de elementos de cobre. en la roca expuesta al aire y al agua. El color azul a menudo se intensificará tiempo extraordinario. Este material no debe utilizarse en elementos de agua.
