Descripción:

Si ha tenido el placer de conducir por la región vinícola del norte de California, como Napa, Sonoma, Yountville, St. Helena, Calistoga, Healdsburg y todas las demás comunidades vinícolas, habrá visto esta roca utilizada en muchos de los muros y elementos paisajísticos. Las rocas y cantos rodados de la región vinícola de Napa presentan una mezcla de tonos burdeos, rojos, marrones, malvas y un toque crema, con una asombrosa cantidad de cristales de sílice que brillan a la luz del sol. Llevar a casa algunas botellas de vino de esta región es una excelente manera de entretener o celebrar con amigos. Puede llevar a casa un recuerdo imborrable de esos viajes por los viñedos utilizando rocas y cantos rodados de la región vinícola de Napa en su proyecto de construcción o paisajismo.
